Moonacres Visit

Tuesday 4th November 2025

A great day out at Moonacres despite the inclement weather. A party of hardy 20 individuals came along to Moonacres Farm near Robertson to hear from the owner Phil Lavers about his farming philosophy and the importance of ensuring good soil quality in producing first class vegetables for his restaurants at Robertson, Bowral and elsewhere. A splendid morning tea was provided by Angie and Mary at the Moonacres School of Cooking and a very tasty lunch was had at the Moonacres Cafe in Robertson, all part of the Moonacres initiative. Overall an interesting and stimulating visit.
