Berry to JB

SUMMERTIME PICNIC GREENFIELD BEACH AT VINCENTIA Wednesday 14th February 2024

What a difference a day makes! Following a baking hot day with temperatures well over 30C, 20 of us gathered at Greenfield Beach with temperatures approaching half what they were. Not that this put us off in anyway and we had a very enjoyable morning and early afternoon chatting over a splendid lunch. Some ventured onto the beach for a paddle in the sea none were brave enough to go for a swim but most were content to catch up with friends on their various goings-on over Christmas and New Year.

A splendid enjoyable outing to start the year just avoiding the rain that came later.

The next SlowFood events are :

- **A three-course lunch at Ponte Bar and Dining on 14th March 2024**
- **The next SlowFood `conversation` meeting on `Electrification and What it Means to You` on 10th April 2024.**
