

MUSHROOM WORKSHOP

Bangalee

Saturday 15th June 2024

The inclement weather didn't put off 20 of us attending the Mushroom Workshop at Rhonda and Darryl Silver's acreage in Bangalee. We were welcomed very warmly by them both, especially as they had a big fire going already on our arrival. Rhonda talked us through how to get a bucket of mushrooms established which should result in three flushes of growth. Then, following a tasty morning tea supplied by Marilyn, Katherine and Denise, it was up to us to get our hands dirty and create our own buckets to take home.

Late morning, the rain finally relented, and we spent a relaxing time chatting whilst standing around the fire, having a second cup of coffee or tea and finishing off the cake and biscuits from morning tea. Overall, it was a very entertaining, enjoyable and informative morning with a big thank you to Rhonda and Darryl.

The next event is the Fish Banquet at Pelican Rocks on Thursday 25 July 2024. Make sure you book early for this one tickets are going fast.
